XI. WORLD CONGRESS OF WORLD INSTITUTE OF PAIN

Innovation in Pain Management

*Make plans to be part of the global
network of pain physicians who
will come together to engage
and strengthen consensus in
Interventional Pain Medicine
for the 21st Century!*

www.wipbudapest2022.com

WIP MISSION

The overarching mission of the World Institute of Pain (WIP) is to educate, train, and certify physicians in the performance of interventional techniques for the management of chronic pain.

The core of our mission is to alleviate the disparity problem that exists with medical education curricula in the field of pain medicine. By bringing together the most recognized experts in pain medicine our strategy is to facilitate universal consensus building and clinical standards development specific to interventional pain practice. For more than 25 years, WIP has been instrumental in promoting the evolution of interventional techniques in clinical pain practice through various tactics aimed at fulfilling our mission.

Through regional hands-on workshops, international symposia, and World Congresses; publication of the scholarly journal, Pain Practice; and post-licensure certification programs for physicians – WIP has reached physicians and their practice communities in more than 80 participant countries. A participant is defined as a physician who engages with WIP as a member, certification recipient, or conference, workshop, congress registrant.

YOUR MISSION IS OUR MISSION

Through our strategic alliances, expressly including engaging with physicians throughout the world on the occasion of the WIP World Congress, we are achieving consensus in standards and techniques associated with interventional pain practice. Our sustained vision yields real benefits to physician education and competency, as well as better patient care outcomes. Every human being throughout the world has the right to access the best possible pain relief. Together, we are making a difference locally, nationally, and globally.

Please join us in Budapest, Hungary on the occasion of the XI. World Congress of the World Institute of Pain. Together, we can promote real solutions to the pain medicine crisis through advancements in knowledge and skill associated with interventional pain techniques. Contact us to customize your support package for the WIP XI. World Congress in Budapest!

In addition to the World Congress, WIP offers multiple pathways for industry to engage directly with physicians to promote beneficial products and services associated with excellence in interventional pain practice. We invite you to consider a comprehensive, multi-event, continuous support package that will satisfy your company's aims for personal and business development. Let us know if you are interested in becoming a sustaining patron of WIP, supporting multiple educational events, certification examinations, publications, and more.

WELCOME LETTERS

Dear WIP Family & Friends,

We cannot wait to welcome you to Budapest, Hungary for the XI. World Congress of the World Institute of Pain on 25-27 August 2022! We remain optimistic that conditions will be stable enough to allow us all to gather in person next summer in Budapest. While we plan to make the core content of this World Congress available in digital format, we are hopeful that we can all participate face-to-face in this important educational event in one of WIP's "hometowns!"

I am pleased to introduce the Chairs of the Scientific Program Committee, who are working to compose an excellent program around the theme of *"Innovation and Change in Pain Management."* This committee, led by Co-Chairs Drs. Miles Day, Monique Steegers, Carl Noe, Fabricio Dias Assis and Yu-Chuan Tsai, will assist Congress Chair Prof. Gabor Racz in designing the premier event in Interventional Pain education in 2022!

As always, we very much appreciate the invaluable support of our industry partners for the WIP educational mission. We are very grateful once again to have the opportunity to work with them in presenting the most recent and relevant knowledge in practicing interventional pain medicine. We know our combined efforts will continue to make a lasting impact on pain patients throughout the world.

Please reserve the dates of 25-27 August 2022 in your agenda; I know you will not want to miss this one-of-a-kind event in 2022!

We can't wait to see you again in Budapest!

Peter S. Staats, MD, MBA, FIPP
President, World Institute of Pain

Dear Colleagues,

The World Institute of Pain is excited to announce that our XI. World Congress will be held in Budapest, Hungary, August 25-27th, 2022. Innovation and Change in Pain Management in a post-covid world will be the theme of what is expected to be one of the best conferences in 2022. Our Congress will be led by current President Peter Staats, MD, PhD, FIPP. Dr. Staats brings to our congress a wealth of expertise and knowledge, and with the help of our scientific committee, we will provide the very best topics available on pain management. Our exhibit hall will also bring the best and brightest in new technologies, regenerative medicine, neuromodulation and chronic pain. Our exhibitors are one of the reasons each Congress gets better every year.

The WIP began its mission in 1993 as a worldwide organization promoting interventional pain by bringing together some of the world's best Clinicians. Since that time, we have educated physicians in every Country in the World. In 2001 WIP began its Fellow of Interventional Pain Practice (FIPP) Board of Examination, a physician certification program that requires both a theoretical and practical examination. We are proud that over 1,400 Physicians worldwide have completed this program.

Budapest is an extraordinary city that offers many surprises and much excitement. This Eastern European capital is full of arts, history, thermal pools, incredible markets, and home to some of the best restaurants in the world. If you've never visited, now is the time to plan; you do not want to miss this opportunity.

The health and safety of all participants is our primary concern and every effort will be taken to ensure that each person has the best experience. We look forward to getting back to seeing our worldwide friends and learning what's new in the world of interventional pain.

We look forward to seeing each and every one of you!

Gabor B. Racz, MD, DABIPP, FIPP
Founder and Past President WIP
Member of WIP Executive Board
Chair of WIP2022 Budapest

TARGET AUDIENCE

WIP 2022 is appropriate for all physicians involved in the care for patients in pain, acute and chronic. This includes, but is not limited to, general practitioners, physiatrists, anaesthesiologists, neurologists, psychiatrists, radiologists, and surgeons.

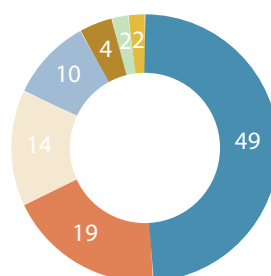

The program will also be appropriate for non-physician healthcare workers including nurses, physician assistants, psychologists, physical therapists and occupational therapists, as well as third-party payors of healthcare and regulatory affairs professionals.

PROFESSIONAL ROLE *

- Clinical Practitioner
- Industry / Corporate Professional
- Clinician Researcher
- Resident / Research Fellow
- Basic Science Researcher
- Nurse / Healthcare Practitioner
- Student

TOP REGIONS FOR PARTICIPATION OF CONGRESS IN EUROPE *

- Western Europe
- North America
- Eastern Europe
- East Asia & Pacific
- Central & South America
- Middle East
- Africa & Atlantic

*WIP 2018 9 th World Congress – Dublin, Ireland

Matthias Church

BUDAPEST

A city in a stunning natural setting with a rich architectural and historical heritage, offering an unmatched combination of culture, fine cuisine and thermal baths... A city on either side of the majestic Danube: Buda, with its romantic streets and alleyways, and Pest, an effervescent cultural centre. Take your pick – or enjoy its diversity!

Divided in two by the Danube, the city is made up of Buda on one side: with Ottoman-era thermal baths at the foot of the spectacular Gellért Hill, the royal palace and Matthias Church, it radiates calm and peace. On the other side lies Pest, vibrant and lively, with its slew of museums rich in cultural and historical treasures, extraordinary Secessionist architecture, its majestic Parliament building considered as one of the most magnificent in the world, Saint Stephen's Basilica surrounded by pedestrian streets, and its entirely renovated Jewish Quarter and Palace District.

Saint Stephen's Basilica

Parliament

Besides its historical value, Budapest has a highly developed cultural scene with its world-class festivals, theatres, museums, concert halls and sporting events. For relaxing and enjoying nature, Margaret Island is the city's “green heart” (considered by many to be one of Europe’s best city parks) – the perfect place to enjoy a stroll, various sports, swimming in outdoor pools or soaking in thermal baths and spas. As for foodies, the celebrated creations of Hungarian cuisine are a definite must!

- 10% of the agreed package amount if the cancellation/ modification is made before December 22, 2021, inclusive
- 50% of the agreed package amount if the cancellation/ modification is made between December 22, 2021 – May 20, 2022 inclusive
- 100% of the agreed package amount if the cancellation/ modification is made after March 22, 2022

COVID CLOSURE

WIP is committed to providing high-quality educational events for practitioners of interventional pain medicine. As such, WIP will make every effort to hold this event in-person as originally planned. However, if it becomes commercially impracticable (as defined below) to proceed with this event due to a global pandemic, WIP will negotiate in good faith in an effort to reach an amendment to any agreements setting forth any agreed-upon adjustments to accommodate the circumstances. These may include credit to be applied to a rescheduled or similar WIP event sometime in the future, partial refund of any funds already received, and addressing any concessions or amenities contingent on revenue commitments.

For the purposes of this global pandemic clause, “commercially impracticable” means that (1) the World Health Organization has declared a global pandemic and (2) national, regional or local governmental public health authorities (a) issue travel warnings recommending against non-essential travel to the event location or from the attendee’s location as a result thereof, and such travel warnings are in effect 60 days or fewer before the first scheduled arrival date; or (b) issue guidance or rules limiting the size of a meeting or event such that 50% or more of the originally-intended attendance would be prohibited from participating, and/or (2) any other relevant travel advisory or business restriction issued by a governmental entity.

VAT INFORMATION

VAT (Subject to Change)

All Supporter prices are exclusive of VAT, and are subject to VAT at the local rate which will be added to the invoice. (VAT rates differ according to the relevant European Union tax legislation due to the nature of the service and the tax residence of the customer.)

SPECIAL REQUESTS

If the above list does not include an item you would like to support please contact the Sponsorship and Exhibition Office with your proposal.

Customized Support packages can be arranged to suit your objectives. Please contact the Sponsorship and Exhibition Office.
